Mark Johnson, Veterans Home Administrator

Legislative Session: There was confusion with some of the Veterans Home bills. One bill dealt with a resident who leaves and doesn't come back in 96 hours. At that point, the Veterans Home has to charge the resident for their leave. Residents have to pay back the per diem amounts for time gone. The Legislature put two weeks in succession even though the Home wanted it separated. Legislature removed some of FTE's but overall, the Home did fairly well. They received equity funds for the nurses which is very good.

75 staff members and 9 residents had COVID; it went through the building 3 times. About 94% of the residents and 48% of the staff have received vaccinations. Veterans Home has received a lot of additional federal funds, upwards to \$400,000. Recently they received a check from the VA stating they qualified for additional funding so \$516,000 went into their account. Veterans Home already has authority to spend money, however the funding needs to be used for COVID purposes, i.e. updating humidifiers, floor cleaners, floor scrubbers. The Veterans Home has additional dollars to do the Memorial Garden, which will be where the old building was located. Annual Golf Tournament will be held on June 11th at Mapleton Golf Course to raise money for the Veterans Home Foundation.

Subcommittee meetings held.

Chairman Overby discussed the Veterans Home Governing Board. Greg Sieman has put in his resignation. There is an open position at this time, the terms are for three years.

PWTF Subcommittee – Report by Dan Brown

- Discussion on requesting State Treasurer or a representative (such as Ryan Skor) to attend the next ACOVA meeting and talk about the interest earnings for 2021-2023. Improving communication with the State Treasurer's Office is a goal of the committee.
- Committee is seeking an understanding on how the PWTF investment process works and how principal growth and spendable interest earnings are determined.
 - Biennium transfer of PWTF spendable income:
 - Can treasure keep interest earnings invested? If so what are pro's and con's?
 - would this provide better rates than CD's in the 410 account?
 - would the spendable income be safe or at risk of loss due to economic down-turn?
 - transfer quarterly or as requested?
 - Reserve fund?
 - Revisit the reserve fund in the PWTF
 - Risk to the reserve fund?
 - Availability of reserve funds upon request from ACOVA
 - Investor of PWTF-Private entity (Edward Jones) vs. vs. State Investment Board or others?
 - Pro's and Con's of both
 - Can donations be made to grow the Principal of the PWTF?
 - From Veteran Gaming funds?
 - Other fund raising?
 - Patriotic License Plates fees and Income Tax Checkoff funds.
